PRE-PRIMARY - ANIMAL YOGA

The benefits of Animal Yoga for Kids

- The physical action of yoga refines balance and coordination.
- It develops focus and concentration.
- Yoga boosts self-esteem and confidence.
- It strengthens the mind-body connection.
- Develops empathy among children towards animals.
- Enhances their knowledge of the natural world, and stimulates their senses.

Animal yoga for kids is relaxing, builds breathing awareness and self-inquiry. It is also being a safe and calming activity for kids. It connects children to their natural world as well.

Red Day Celebration

Pre-Primary

The 'Red Day' celebration is a wonderful learning experience which helps the children to understand the concept of the Primary Colour-RED.

The colour red is a highly visible colour that is able to catch attention quickly and gets people to make quick decisions. This is one of the reasons fire trucks and fire engines are usually painted red.

Flashing red lights mean danger or emergency. Stop signs and stop lights use the colour red to alert drivers.

Red represents power and courage. In different cultures red carries different meanings. In some cultures, red represents purity, joy, and celebration and is a traditional colour worn by brides in India.

Red day was celebrated by the students of the Pre-Primary section. The classes were decorated and students came dressed in an array of red colour attires.

The children of the Pre-Nursery section presented dance on rhymes related to the colour red. The parents were invited to be a part of the celebration. Various art activities were conducted to give a complete understanding of the colour red.

SWIMMING CLASSES

PRE-PRIMARY SECTION

Swimming stimulates young children's senses and is believed to improve brain and emotional development.

Children can often be fearful of water if they are not sensitized to it. Overcoming this fear can be extremely empowering, boosting confidence and self-esteem.

This newfound confidence can extend to social situations, which allows your child to interact with peers, developing their social skills and providing another self-esteem boost. Improving self-esteem instils a positive attitude towards physical activity which assists later in life.
