FAREWELL

2022-23

CLASS XII

Farewell ceremony was organized in Delhi Public School Harni by the students of class XI to bid a lively and joyful send off to their seniors.

The auditorium was splendidly ornated with flowers, candles and banners. Cards having special handwritten messages for the students of CLAS XI were decorated on the stands. All at once the venue resonated with rounds of acclamation to welcome the seniors.

The ceremony commenced with the lighting of lamp by Principal, Ms. Deepali Sekhon. It was followed by a mashup by the music teachers which enthralled the students. The juniors entertained the seniors with a humorous play portraying their camaraderie at the alma mater. Three students of CLAS XI recited a poem dedicated to their seniors.

Principal, Ms. Deepali Sekhon generously guided the students to face the challenges of personal as well as professional life and to be cautious in decision making. She concluded by wishing them happiness and success in all future endeavours and inspired them to leave an indelible mark on society and make the school proud.

The Hindi choir group presented a rich and melodious rendition invoking the nostalgic images of the merry times experienced by the seniors. The juniors put forth a graceful dance performance on the inspirational song 'waka waka' which was sung by a student.

Seniors expressed their joy at having spent a wonderful time in school and how it will always hold a special place in their hearts. They expressed their heartfelt gratitude to this great institution for being instrumental in shaping their personalities and providing them with stellar opportunities.

The heart touching messages by the class teachers made their beloved students nostalgic. The outgoing students passed on the lighted lamps to their juniors to mark the passing of legacy of the great institution. At the end of the ceremony, students and staff relished mouth-watering refreshment.

Inter-School Competition held at Physical Research Laboratory, Ahmedabad

Competitions play a role in motivating students to perform, excel and offer a lot more reward than just the winning prize. Competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. Students of Delhi Public School, Harni have proved the aforesaid statements true. Four students of Delhi Public School, Harni have participated in an Inter-School Poster/Model making competitions conducted by **Physical Research Laboratory (unit of Department of Space, Government of India) Ahmedabad** on Saturday, 25th of February 2023 to celebrate National Science Day.

Details of the competition:

Total number of participants from Gujarat: 898

Number of students selected: 150

Model exhibits: 18

Poster exhibits: 132

Vardaan Srivastava and Sanidhya Tiwari of Standard XI participated in the Model Making Competition. Ananya Purwar and Saad Iqbal participated in poster making competition. Their performance was commendable.

Vardaan Srivastava won the award for the best model. He has also been awarded the certificate for being the topper in the screening test held at the Vadodara center.

Ananya Purwar won the award for the best poster.

All the students performed with great zeal and made the school proud by winning

**I pass my days living blissfully Ignorant
Of what lies ahead,
Beneath the masks that I keep changing,
After every interaction
Is someone who I don't know
What will I become or what the future has in store for me?
Questions like these keep my head occupied
Yet I still spend my days doing nothing of significance
In the end, the masks are what make me
The person I am.**

Ashes Like Frost

**The agarwood ember flickered wearily,
the dust of the scattered to the wind.
My heart was broken in my previous life,
and my forlornness shall part with the wind.**

**The road of heaven and earth is long and the ripples enter
my eyes,
Seeing you transform into sheets of frost flowers that
evaporated away,
Record the rise and fall of a thousand year.**

**People come and go, in the end , to only be replaced,
The wind and thick rain make the night freezing cold.
The sky lanterns shine as they rise , they meet, then leave,
One encounter is enough.**
