TEACHERS DAY CELEBRATIONS

Teachers truly are the backbone of society. They give children purpose, set them up for success as citizens of our world, and inspire in them a drive to do well and succeed in life. The children of today are the leaders of tomorrow and countries are able to further develop socially and economically. Teachers are that critical point that makes a child ready for their future.

INVESTITURE CEREMONY

Secondary Section

Leaders are not born, they are made. This is the kind of thing our students need to hear. That no matter where they are at in their leadership journey, they have the potential to be a great leader. They may not believe you at first, but once they realize that they have what it takes – well that kind of leadership changes everything.

Chaos

Broken heart and ugly love
Dirty past an ultimate shove
Despair and confusion
Greed and temptation
The world we live in
The chaos we forge
Then why is it that my heart beats
To the sound of music
To the rain and moon
To the children laughing
To the earth so beautiful
Why is it that I am in a dilemma
Why is it that my heart is biased
Why is it that I try to love the chaos

Winning Is Not Important

*Sometimes you win
Sometimes you lose
But don't give up
As life comes in all its hues
You might feel bad
You might feel sad
But your courage will
Help you win someday
Hence be on your way
With your dream
And with your team.*

I LOVE MY SCHOOL

*I love my school
My school is so cool
With great facility
All teachers & students so full of humility
I love my school
My school is so cool*

*I love my school
My school is so cool
The teachers are the best
We don't need to request twice to explain the thing
What is a ring?
Or the opposite of bring
They are very kind in a period or a combined class.*

*I love my school
My school is so cool
I love to swim in it
I need to admit that I don't need to quit
I love my school
My school is so cool
I can't wait to express my graduate and stand up straight to say
I love my school
Because my school is so cool.*
